PIPEFITTER

Together, MCA Detroit and Local 636 are addressing industry manpower needs by expanding apprenticeship intake, including double classes this spring and planned for fall. The current facility is at capacity, and strong market demand underscores the need for growth and enhanced training. To support this, both partners have agreed to share the cost of a new facility. A \$0.40 increase to the Piping Education Council—matching Local 636's prior allocation—is required to fulfill this commitment.
