The purpose of this notice is to make you aware of two important elements involved in the Pipefitting Industry Apprenticeship Training Program. These elements are:

1. The **Apprenticeship Program**, lasting five years, is intended to produce Journeymen who will then be able to be a part of and contribute to the Pipefitting Industry for up to thirty (30) years following completion of the **Apprenticeship Program**. This expectation is important because it is fundamental to the existence of the Apprenticeship Program. The time, money and effort devoted to the Apprenticeship Program would be meaningless unless graduates of the Program, Journeymen, will be part of the Pipefitting Industry work force for up to thirty (30) years after graduation.

2. The cost of the training of Apprentices is high. A fair estimate of the cost is more than $75,000.00 Every Apprentice agrees to pay $75,000.00 for his training and education and signs a Promissory Note to that effect. This Promissory Note is paid by the Apprentice by working as a Journeyman for an employer who contributes to the Apprenticeship Program, for not less than five (5) consecutive years following his graduation from the Training Program. The $75,000.00 Promissory Note is reduced by twenty (20%) percent for each of the five) consecutive years of employment. If the graduated Apprentice does not work as a Journeyman in the Pipefitting Industry in the State of Michigan, the Promissory Note is nonetheless due and payable.
